Berdasarkan penelaahan terhadap artikel tersebut, berikut beberapa catatan:

1. Artikel tersebut belum memunculkan state of the art sebagai sebuah kajian. Tidak disebutkan hasil penelitian orang lain yang mengkaji konsep Montessori tentang pendidikan anak. Apa perbedaan penelitian saudara dengan penelitian orang lain. Sebaiknya hasil penelitian orang lain dikemukakan di pendahuluan, setelah itu baru jelaskan perbedaan penelitian saudara dengan penelitian orang lain.
2. Saudara menggunakan perpektif Psikologi Islam untuk mengkaji pemikiran Montessori, tetapi tidak ditemukan satu pun pendapat tokoh-tokoh psikologi islam yang digunakan sebagai acuan teori pembandingan konsep Montessori, tokoh-tokoh tersebut misalnya Al Ghazaly, Ahmad bin Sahal al Baihaqy, Ibnu Syahnun atau tokoh lainnya, atau di Indonesia misalnya Jawwad Dahlan, Dadang Hawary, Zakiyah Darazat,
